Clearance of Outside Activity - [REDACTED] 25X1A9a

Reference: Memo from Executive, C&D, via AD/C&D, to Chief, SCS/SO,
dtd 30 July 54, Subject: Outside Activity

1. It is understood from the reference that [REDACTED] 25X1A9a
proposes to become co-owner of a private placement service for pro-
fessional librarians which is to be operated by mail in the form of
a monthly bulletin of job opportunities, and will be made available
to libraries and librarians in the United States.

2. It is further understood that the name of [REDACTED] will 25X1A9a
not appear on the masthead of the publication and that his association
with CIA will not be disclosed.

3. In view of the current assignment of [REDACTED] and the 25X1A9a
general nature of his proposed outside activity, it is believed that
the propriety of the venture should be commented upon by the Office
of Personnel and the Office of the General Counsel from the stand-
point of the interest of those Offices. In particular, the views
of the Office of Personnel are invited with respect to whether the
listing of job opportunities in the U. S. Government by a placement
service with which [REDACTED] is affiliated would be contrary to
Civil Service or other pertinent regulations. Comments of the Office
of the General Counsel are solicited to the question whether the cur-
rent position of [REDACTED] may provide information regarding job
opportunities which are not publicly available and thus involve him
in a conflict of interest situation.

4. If the comments of the AD for Personnel and Legal Counsel
are favorable from the standpoint of [REDACTED] becoming co-owner 25X1A9a
of this private placement service, then this office would have no
objection to [REDACTED] entering into a business relationship with
[REDACTED] Veterans Administration.
